

**CLIENT PROFILE** He has a lot of things, for example a sword, water, foods and map. He has a lot of animals in his ship, he has a special green bird, it is like a partner of PIRATE. His one hand is a hook, so he can't do small things, for example to wear a cloth which has buttons, his arm is very thin, so he is not strong. He usually puts an Eye patch on the left eye, so he can't see something small. He lives on his ship every day with a cook and a sailor, they usually eat fish because they are on the sea, they sometimes have rainy days but their ship doesn't sink in the sea because they are good at operating their ship. He sometimes lands on some islands, but he has nothing to carry his baggages.

**PRODUCT DESCRIPTION**  
 The product is a rucksack. Size is big because a lot of baggages, he wants to carry a lot of baggages and resting place of bird, so there is a cage of bird on the rucksack. He will also use in rainy days and windy days, the product is made of vinyl because he wants to protect his baggages from rain, vinyl is strong. If the product is colorful, the bag may be stolen by thieves, so color of the product is black. He can also use bird cage only, and rucksack only, he will use this product if he doesn't board a ship, so he won't use it a lot of time. His shoulder width is very narrow, so the product's width is narrow, the product is very light.
