

It's a machine to send minds. It looks like the flower. But it has strong power to make energy from wind power.

CLIENT PROFILE

A giant is a big woman. She is a big woman. She wears a strips dress with red and white and blue parts and shoes made from ships. she lives in the mountain covered with snow. But she wears a hot dress. It looks so odd. She likes animals and peoples. So when people play skiing, she carried them to the top of the mountain like rept. Everyone likes her. Her house is the cave. There is a dark, so she has to use the balloons to get light. she has some object, for example, the lighthouse, the track on the tree, and so on. If we see that, they are very big, but she can't feel big and little. she helps to send the wind by her mouth to the windmill. She looks so hard, but people are very glad. She really likes people, I think.

PRODUCT DESCRIPTION

My product's name is "Plants Dress". The dress made from special cloth, and it has many pockets. If she feels "It's dirty..." and she taps the first pocket, the dress will become clean because it's made from special cloth and she feels happy. In the second pocket, there has many big vegetables and fruits seeds. They are strong the cold and very healthy for her, so she can grows them and eat. The seeds can't reduce to ever. In the third pocket, there can have a lot of things in it. For example, TV, some clothes, and so on. Because it is the same Doraemon's pocket. The dress has a machine to send wind to the windmill. It looks like a cute flower, but it has strong power to make energy from wind power. Her cloth has a lot of good points.

If she taps the pocket, the dress become clean early.

Third pockets is the same of Doraemon's pocket.

There are many vines. Children can play like Tatan.

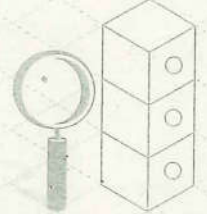

There are many seeds of big vegetables and fruits.

There are the planters. There're more than 100 planters. People grow rice there. It's very delicious.

The shoes are made from ships. In summer, she can go fishing with people.
