

Client Profile

His name is Green-monster.
He is about 40 years old.
His favorite color is green and red. So his body is green and his cats are red.
His hobby is watching movies. He often watches the movie with his cats. But he usually fell sleepy when he watches the movie. So he doesn't know the last of the movie.
He is angry now because his patent was denied by a company. So he makes bombs to break the company.
He has many cats. He likes them very much. So he designed his bombs like his cats. But by doing so, his cats play with his bombs. It's dangerous. So he has trouble everyday.

These are solar panels. The laser gun and monitor use this energy. It is eco-friendly.

This is a parasol. He can fly everyday because this chair has a parasol. This parasol is made from special bulletproof material. So he can fly safely. Of course it can move and protect his body.

This is a keyboard and monitor. It is necessary for him because he is a scientist. This monitor and a keyboard use solar power. This chair is kind to the earth.

This chair is green and black. Because his skin is green and his hat is black. Back rest is very large because his head is very big.

This chair can fly because he is chased by a hero.

This is a laser gun. Its laser can destroy everything. It is very dangerous.
