

Client Profile

My client is Super hero.

Her name is Tana Zawako.

She likes cucti. very much.

She has more than one hundred of Cucti. And she named each of them. She likes Jiro the best.

Jiro is the biggest of them.

Actually he is more than two meters tall!

She is good at repairing computers.

So, her job is repairing computers.

But she doesn't like to work.

She doesn't like her job, but she likes Super hero. So, she wears hero suit and patrols her town every day.

She helps people in need in dangerous places.

So, she is always tired and she is thirsty.

The cuctus is suitable things for her to drink water.

The hero activity is her life

And many people depend on her.

If you want her help, she will come you soon. The earth is saved by her.

She helps many people today, too. I want to be good person like her

If you take off this straw, you can enjoy it like a ornament.

So, this bottle give your life beautiful

9
This bottle is plants. So, if you throw away it, you just do to bury it in the ground.

It's easy and good for environmental protection.

9
It's very cute. So, it's instagrammable

Functions.

- 1. to drink
- 2. to see
- 3. to relax.

1
Cucti can live with a little water because they can accumulate water in their body. So you don't need accumulate water. So, it's help you especially in busy morning.

3
Cuctus's water is very full of Nutrition. For example vitamin B is full!

4
This shape is very good at hold. And there are no thorns. So, it's very easy to hold.

5
This bottle's color is green. Green has power to heal. So, we can relax with it. This bottle make up her busy life better.

8
this thunder mark is her favorite mark. She likes some thing cool.

2
She is always thirsty from the hard work. So, she can take easy rests with it.

The name comes from "Cap" and "cactus". I connect the words. It's CUPtus.

CUPtus
